Old collection of Avon lip gloss, lip balm, collectible containers from the late 70's early 80's.

Very unique and rare to find these days. My wife had these packed away since purchased from Avon lady 25-30 years ago.

Couple have dried up, but most as you can see from pictures were never even used. Not that I would recommend using them now after being about 30 years old!!

Very neat and unusual cases.
