Location **Missouri** https://www.genclassifieds.com/x-583970-z

My kids and I just moved back here from Nashville and I just started working. I need a sitter that can come to my house and just keep a eye on the kids. They are 9 & 8 boy and girl so they are pretty easy to watch. All food and necessities are taken care off there is a pool at the complex. If you have a child at home I dint mind if you bring them. The hours are every other Monday, and every Tuesday, Weds. 6am - 4 sometimes 4:30. I can pay 75\$ on the 3day weeks and 50\$ on the 2 day weeks. Again all food and everything is provided for you and the kids. I hope to have someone by tonight and hopefully start tomorrow morning. I will need references considering its my kids. I do have a big dog but he is very friendly and thinks hes a lap dog but if your afraid of dogs this is probably not for you. Please text or email me with any.
