+Think about it if these people don't care about themselves getting in trouble or caught. Do you really think they'll care about your pet or property????

Don't be taken advantage by someone that's trying to make a fast BUCK. If you WATCH ANY of the NEWS channels almost every night they talk about someone getting SCAMMED in the St. Louis area for using a service. JUST VERIFY THESE PEOPLE BEFORE USING THEM! For sure CHECK and see if they're a business in the state of MISSOURI. Some businesses don't need to be insured or bonded. But real businesses will go that extra step and get those. Because if something happens on your property or with your pet. Who will pay for it if they don't have insured business? YOU WILL!!! Be SAFE!!
