

Looking for Computer Friendly People

Location **Louisiana**
<https://www.genclassifieds.com/x-584296-z>

THIS IS (NOT) YOUR AVERAGE CUBICLE SALES JOB, SO IF YOU'RE LOOKING FOR THAT SECURITY, LOOK ELSEWHERE

HI! I want to introduce you on how I make a lot of money WITH my team. They are 100% real! We live the kind of life people work a regular JOB for their ENTIRE LIVES & never get to experience. They never even get to hang out and rub shoulders with people who do. If you are hungry & pay attention, you can be on your way.

I am a sales leader from Louisiana for an 80+ year old company based out of Oklahoma City, that is looking to expand sales in your area through a new network of independent sales agents. I have been with this company for over 2 years & have made over over \$200k since joining. I have done this while building a team of hundreds of people from Louisiana & many parts of the country who have also been able to see anywhere from a decent part time income of a few hundred dollars monthly, to a very livable \$500-\$4k plus monthly. (I will be able to show proof once you inquire through various reading material, videos & WEBSITE)

We company offer weekly pay + override BONUS, training, flexible scheduling, uncapped potential.

We offer great benefits to be a part of this company, & even better incentive to sell our product that is

very necessary for most adults to have. I am looking for people who particularly have a sales background. I am interested in people who have been part of a sales team or are looking to join a team who have experience in business to business, retail, multi-level auto sales, insurance sales, real estate sales, etc. No exception can be made with & without a new & exciting future for the neural network of people. (I am looking for people who are looking for a new sales safe on)

Looking People 84296-z
frequent many of the big cities, (NYC, Miami, A, and more) a lot & I have plans to reward my stand out people & have you be around my other top associate business partners in your area. already have my network. I get paid to help build yours. We will have a lot of fun.

Only inquire if you meet at least most of the requirements below:
