I am looking for female models for a couple of portfolio projects I am putting together. I am doing a portfolio of nude/semi nude pictures of girls in Jeans, Jean shorts, or Jean skirts in various stages of undress. I am also doing a photo shoot of LDS women talking about their experience with sex while undressing. Both of these are photo essays and I will pay models. Pay is negotiable. You will receive copies of photographs. must be over 18. No experience required. Email recent pics, and what project you would be interested in. Pics will not be published, only for my.
