I AM LOOKING TO HIRE Two carpenters TO JOIN OUR TEAM.

I am a general contractor and I just secured a contract to complete a package of houses, mostly in the city of Cleveland. Reliable people that do not have previous engagements is what I am seeking. I like to schedule projects from start to finish. As a carpenter I do expect for you to have experience and tools. If you you are interested contact me via email with a resume or just a reply with a little information about yourself. I will be doing interviews today between 12pm-1pm at 5500 south marginal and again at 5pm-6pm same location. thank
