Alas!  
 My totally bone crushing bass technique that will rip your face straight off your skull.  
 As played through a ridiculesley HIGH powered tube amp circa Deep Purple as heard through multiple 10 inch speakers encased in cotton batting in really heavy Solid Birchwood speakers coffins,youll need a Mesa!  
 Im just a solid dude hoping to be on stage again one day.  
 Learning were the notes on the neck are after years of touring.  
 E,G,A,B A C D C  
 All that kind of theory sounding stuff.  
 I am looking to play Iron Maiden Black Sabbath or Judas Priest or Robin Trower  
 influenced shit NO PROGRESSIVE NEW METAL MATH please
