Hi, Tim here. I play guitar and sing and I write songs. I am looking for a drummer, bassist, and a second guitarist to start an original band. Vocal are a plus but not necessary. Also if you write songs as well it'd be cool to work together.

I listen to mostly:

Indie Pop/Rock: Pavement, the Shins, Ween, Primal Scream, Stone Roses

Older punk: The Clash, Misfits, Jawbreaker

Classic Rock: Beatles, David Bowie, Neil Young, Pink Floyd, Talking Heads

If you are serious about practicing and gigging regularly in an original band, please call or text the number listed, or email me. If you are frustrated by CL ads calling for another cover band to play Poison covers to the barflys, please contact me! I am ready to get started ASAP.

Peace,
