I Have a 99 F250 5.4 4x4 Off Road Package, Auto Tranny, 185k miles, runs and drives great. No spark plug issues or anything serious, was taken care of since new. Good: New Brakes, Brake Lines, Visor, 08 Mirrors, Clear Marker Lights, custom cat deleted exhaust, 35% tint on windows, aftermarket radio and speakers. Needs: Driver Side Ball Joint, rust on cab fixed, I love the truck but want a diesel, trade for a 7.3 or 6.0 Powerstroke, thanks Text
