If you are female and always wanted to be a part of a great family here in Nashville then this may be a good fit. Race or color or religion not a problem. We have a home on average that needs constant attention to the owners and parents. Errands, Cleaning, refreshments, etc....along with house cleaning and traveling with us both. This is a very open minded but conventional family with kids grown and gone. Do you need a place? There is a generous salary and we are willing to sponsor those from other countries etc. Please reply with a pic and FB page and.
