If you're searching for music lessons, no matter your age or skill range, I'd love to meet you. I'm experienced and able to teach in all vocal styles including, rock, pop, classical, and jazz. If you're looking to learn to sing with proper technique, minimize and avoid vocal damage, extend your range, and sing with more power and confidence I can help.

I also make sure that my students understand the basics of music theory, sight reading, and performance practice so that you are best equipped to be an effective musician!

Along with providing singing lessons I also teach beginning and intermediate guitar and songwriting. Putting these in conjunction allows you to learn all of your favorite songs as well as write and perform your own original music!

With past students I have a track record of gaining quick and significant results in vocal ability and skill. I work hard to make lessons fun and entertaining as well as educational.

I have degrees in vocal performance as well as music education. Some of my vocal accomplishments include:

- Singing with 3 choirs under the Salt Lake Choral Artists including the international prize winning Salt Lake Vocal Artists and acted as a soloist on multiple occasions.
- Experience recording as a part of multiple choral ensembles as well as session recording work for television, video games, and movies.

-3 time winner of the Collegiate level NATS (National Association for Teachers of Singing) competition
 -Soloist in the "The Song of Eur..."
 -Soprano in the "Wendels..."
 -Performed in 5 operas in everything from lead roles to small roles and chorus positions with the...

-Performer in the Montana State University opera productions.
 -Assistant director of the Montana University Chorus Section leader in the Montana Choral and Montanans,
 -winner of the Cindy Astor Award (A peer voted award for leadership.)
 -founder, organizer and leader of Montana's premier collegiate a cappella group.
 -etc...
