

Show low land (Linden)

Location **Arizona**

I have two one acre lots in linden just outside Showlow. Water and power to each lot. Private well with well shares that tranfer with ownership. Land has perked so regular septic will work. Land is open meadow and a great area for mini ranch or vacation cabin. If you are thinking of buying anything in northern arizona you need to look at long term water supplies. The little Colorado aquifer is very stable and that's what your well is tapped into. Lots, land, cabin, acreage, retirement. \$29,000 a lot. No!
