

B Series Piston LMA (Lost Motion Assembly) B16 B18 Si GSR (65 USD)

Location **Arizona**
<https://www.genclassifieds.com/x-585930-z>

I have some LMAs that were just pulled from my motor. I had some Science of Speed LMAs installed and the shop that did the labor for me said that these piston LMAs still had a decent amount of life left in them.

The engine was at 130k when these were pulled. Should fit any B Series VTEC motor.

I'm asking \$65 or best reasonable offer.
