Local non profit agency is looking for fundraisers to help us raise funds needed to get our kids off the streets and into a safe haven where they can learn life skills and a vocational trade.

We are looking for volunteers to connect with businesses, social media, friends and families to get the word out.

We will be putting on a theatrical event in a few months and need to secure the location.

We also need actors, dancers, prop designers, costume designers and a promoter.

Out kids need your help. We will be having an orientation this Saturday July 11th at 10:00am. Give us a call at the number listed above to register to be a part of the most important event to happen since we organized the stop the violence event several years ago.
