I was planning on launching my new Paintball Grenade Website this summer, unfortunately I just haven't had the time because one of my other internet businesses has been very successful and running that business is taking up most of time.

I decided to start a Paintball Grenade Business for a lot of good reasons:

Big Market: Millions of people play paintball and the number is growing every year.

Fast and Easy: My rare commercial quality Paintball Grenade Machine can make 60 grenades per hour.

High Profit Margin: Paintball Grenades cost \$0.50 to make and sell for \$5. That's a 10x profit margin!

Low Competition: Only a few companies in the world make Paintball Grenades.

All you need to do to start this profitable business is to place free ads on eBay, Craigslist, Amazon, and paintball forums. With the power of the Internet you can be selling a good product all over the world in just days. The first 500 Paintball Grenades (should take less than a month) pay for the business after that it's almost ALL PROFIT.
