Heres the skinny:I bought this at auction on July5th. I got a fair deal. I would like to pass this deal along to you and sell this boat as is. This boat and similar boats are selling for at least \$6,000. I can sell to you at 1600 only if you meet me Tuesday to check out the boat then have the auction put the title directly in your name with the legal receipt. If it goes through me, I have to add \$500 just for that. If I clean it up I will have to add to the price. What i see is a lot of cleaning. The worse that I see is the benches in the galley (wooden) need repair. Not bad. No physical damage other than that. The trailer looks good but should have one part where a roller is rusted out repaired.

If you want a desirable cool sailboat to tool around in without spending a fortune, this is it. Give me a call to discuss or leave your info and I will get back to.
