We are a 4 piece post hardcore/ rock band ready to start playing shows as soon as we get a new drummer. We are in the process of finishing our 4 song demo that we recorded and engineered ourselves. We have professional equipment and years of experience writing, recording, playing shows, and touring. Unfortunately our drummer is moving so we are looking for someone with experience, equipment, and transportation. You can hear one of our unfinished demos at [https://dl-web.dropbox.com/get/demos/barbara%20mastered%207-15-15.wav?\\_subject\\_uid=258099719&w=AAafeKwWYmApljq0StBzG-CbJnY1eVWSXvNZ22XCBv2zVg](https://dl-web.dropbox.com/get/demos/barbara%20mastered%207-15-15.wav?_subject_uid=258099719&w=AAafeKwWYmApljq0StBzG-CbJnY1eVWSXvNZ22XCBv2zVg). We have 3 more songs recorded and a constantly growing library of half finished songs and ideas. We are really laid back guys but we take our music seriously, this doesnt mean that we are trying to immediately head out on tour but we do intend to play shows and start growing our fanbase as soon as our demo is finished. Our biggest common musical influences are bands like saosin, four year strong, i the mighty, and periphery. If you dig the song and are interested in hearing more you can email through this ad or text me at
