

1968 Chevy Nova SS 396, auto (Kailua Kona)

Location **Hawaii**
<https://www.genclassifieds.com/x-586774-z>

1968 Chevy II Nova SS 396, turbo 350 automatic transmission, 396 cu in. 350 hp, 10 bolt Posi rear end, bucket seats, new black interior including upholstery on seats, new bumpers, complete new aluminum stock exhaust, disc front brakes, all new console and gauges, new but original style exhaust manifold, new Holley carb, many more new parts too much to mention. Just put on four new tires, and stock style Nova rim caps, also change the spare tire. Not a numbers matching car.

The SS396 front fender emblem is extremely rare only came out in the early production for a few months. I would deduct \$500 from the price of the car if I replace it with a later production emblem that I have. Do your research you will hardly ever see this emblem.

Over \$37,000 in parts invested

This is the last year the Nova was called Chevy II.

This year Nova is the first year of this body style, and there are many features on this car that are unique only to this year. This is a very hard year nova to find in this condition, even in the mainland, look it up yourself.

Comes with several service, assembly manuals, 1968 Nova SS manual and a 1968 Nova Hollander parts exchange book. Numerous new spare parts included in this deal.

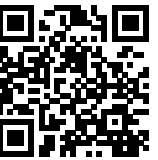

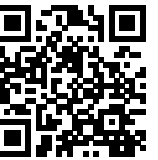

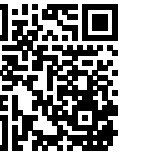

Interested in this beautiful auto to inquire, call or text to 808-933-8888. Garage kept in excellent condition, hood, fenders, and body in top shape, and engine runs great.

July 2014 - July 2015

Remember most cars depreciate rapidly in value, this rare car is already worth more.

Instead of asking me ten million questions come and look at it yourself and decide. If you are offering being money will not hold the car for anyone.
