Hey everyone, thanks for checking this ad out.

I'd really like to put together a 90s/early-00s based rock band. I'm 32 and would like to find some other musicians around the same age to play the music that we loved back when we were in our teenage years. I'm a guitarist and a tenor vocalist; would love to have a few other band members capable of singing some lead too, especially if you're a baritone. Please have decent and dependable gear and time to rehearse, both together and on your own. I'd like to get out there and start gigging within a month of getting the whole band together. A couple of songs I think that would be great, but aren't set in stone.

Foo Fighters - Everlong, Monkey Wrench, February Stars  
Stone Temple Pilots - Sex Type Thing, Interstate Love Song, Tumble In The Rough  
Fuel - Shimmer, Hemorrhage (In My Hands)  
Nirvana - Polly, Sliver, About A Girl  
Weezer - Buddy Holly, El Scorcho, Hash Pipe  
Smashing Pumpkins - Disarm, Zero, 1979  
Pearl Jam - Black, Betterman, Animal

We definitely need the standard second guitarist, bassist, and a drummer, but I think either a third guitar player that can double on other instruments or a keyboardist would be great too and allowing a bit of variety. If this is something you'd be interested in, let me!
