

# Tutor Mathematics amp Spanish 20 (Minneapolis, MN)

Location **Minnesota**  
<https://www.genclassifieds.com/x-587407-z>

Hello, I am an experienced math tutor and teacher - available for private tutoring in the Minneapolis area. I work full time during the weekday, so I am available most evenings and can work with you if weekends are preferred.

## MATH:

I have a Bachelors and Masters degree in mathematics, so rest assured, I have a thorough and in-depth understanding of the topic. I have worked as a teaching assistant for college courses in Algebra, Precalculus and Calculus. I have tutored courses ranging from Algebra to Quantitative Mathematics to Basic Statistics to Calculus. I have experience tutoring elementary through college level students both privately and in group settings. Please contact me with your private and group tutoring needs. Meetings would be in a public location (library, coffee shop, etc.). I typically charge \$35/hour, but prices may vary based on location, group size, and subject matter.

## SPANISH:

I also have a bachelor's degree in Spanish and have tested at an intermediate-high OPiC proficiency level. I have taught elementary level spanish in a before-school program. Spanish tutoring rate is \$20/hour.
