If you need to completely rewrite your resume, or have an outdated look and require a newer and more clean/eye-catching template, I can help! I also specialize in helping those who have been out of work for a number of years as well as recent grads who don't have much working experience.

Offering effective keyword implementation to enhance your chances of obtaining the interviews you want. My process is quick and simple and I provide a turnaround time of about 2 to 3 days for a rough draft. Preferred method of payment is Paypal and is only due after the rough draft has been submitted to you for review.

Areas I've focused on throughout the years have been: HR, Accounting & Finance, Project Management, Retail, Healthcare, and more.

I've received wonderful testimonials from previous clients which have turned into repeat business. I not only strive to complete a well-written resume but maintain long lasting relationships with all of my clients.
