Aloha Hawai'i!

NO, you don't have to take off your clothes or work with some creepy guy oggling you because this is an all-wahine (female) production.

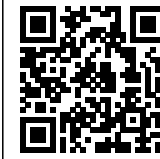

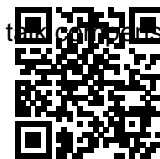

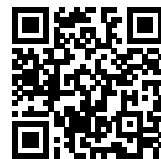

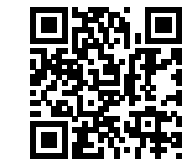

I'm "M" (yeah like in James Bond) and I'm starting up a brand new business that is going to be very involved in Hawai'i's growing medical marijuana industry. As you may know, the governor just signed the medical marijuana bill into law - so, the epic race to secure a dispensary license commences.

Well, I have a great idea that's going to get really popular and I need your special talent to see it succeed.

THE GIG:

I need a business partner, someone very photogenic, funny, 420-friendly (you don't have to smoke), intelligent, and just loves life. You should be FEMALE 18-30 (give or take) and have a decent chunk of time on your hand for collaboration and brainstorming.

If you're interested, please send over a headshot and bodyshot and tell me a little bit about yourself and your interests.
