FAQS:

Is the service "all inclusive"? (Any hidden charges?)

Our package prices include everything that is required to have a good time, however we do offer a few options that will enhance the fun. The only additional charge may be travel depending where your event is being held, please contact us for details.

Will my guests be charged to download their pics after the event?

We will post the strips to our website & host them there for a minimum of 90 days with FREE DOWNLOADING capabilities. If anyone is interested in an individual photo (from the strip) or a print we will charge a nominal fee for that due to the cost involved.

How many people fit?

We've had as many as 15 or so packed in, but 4-6 comfortably.

What do you need on site?

A clear 8'x8' space (preferably with a table for props) within 15 feet of a standard power outlet. That's it!

Can I order extra reprints, DVD or USB Drive of images from my event?

We offer the ability to download all of the images online however if you need or want we can print additional copies of an image or strip for you as well as provide you a DVD or USB Drives of the images at an additional charge. We ship the USB drive (if ordered in advance) normally 10 days after your event once we have the correct shipping address. Once the images are uploaded to our website, we allow you and your guests to download and print at home for free!
