Experienced eBay lister available for commissioned based partnership. Looking to help you sell your quality lots or collectible collections.

I do all the work: pick-up items, photograph them, write descriptions, package sold items and ship them. I keep a percentage of the selling price and you get the rest. I take care of all shipping and eBay fees.

My normal rate is 40% of the final selling price for items sold between \$50 and \$100 and 30% for items sold over \$100. This may be negotiable depending on the quantity and type of items you have.

I have 100% positive feedback and have been praised for my photos and packing. I am friendly, trustworthy and professional.

Let me know what type of items you have and we can discuss it. Thank.
