4K Picture Quality

Prepare yourself for the ultimate evolution in real entertainment. 4 times the resolution of Full HD Enhances everything you watch with precise detail. Enjoy the true value of 4K resolution on LG ULTRA HD TV.

4K Resolution:

ULTRA HD 4K is the newest industry standard for premium picture quality, The screen contains 8.3 million pixels, so the resolution is four times that of Full HD 1080p. Images look stunning, even on larger screens or when viewed up close.

IPS 4K True Color Accuracy:

One of the secrets behind LG TVs' outstanding UHD performance is the specially designed display panel. IPS 4K delivers true colors that remain more consistent at wide viewing angles.

Tru-4K Engine:

LG's Tru-4K HD Engine upscales the picture through a multi-step data analysis that enhances the details of broadcasts, movies, sports and videogames to near-4K quality, giving you the superior viewing experience you expect from an ULTRA HDTV.

HEVC Decoder:

Streaming 4K video uses HEVC (short for High Efficiency Video Coding) compression format, and is essential to ULTRA HD/4K, enabling next-generation video playback to meet the demands of UHD TVs. 4K video uses HEVC, and so the built-in HEVC decoder on this LG ULTRA HD television makes it ready to display 4K content.

WebOS 2.0

LG webOS TV is designed to be obviously simple, so that it is easier to learn and more fun to use. Now, all you have to do is relax as webOS 2.0 makes the TV experience simpler than before.

Simple Switching:

Switch back and forth between content and programs, apps and shows with the perfectly simple interface. Accessible at any time, the Launcher and Live Menu make it fast and easy to switch over from content to another.

Simple Discovery:

Find and enjoy what you want to watch instantly at one place. Live TV broadcasts, VoD services, and apps -- they're all incredibly easy to find. You can also receive recommendations that introduce you to even more great content on LG webOS TV.

Simple Connection:

LG webOS TV was designed to assist you in every aspect of your viewing experience even from the initial setup to connecting external devices. Now simply get connected to your new Smart TV.

Sound

LG has added exciting new step-up audio options to its 2015 ULTRA HD TV lineup. The 4K experience is even better with theater-quality sound.

Multi Channel Speaker System:

The built-in Multi Channel Speaker System on this LG UHD TV delivers rich, room-filling sound, for a high-end audio experience.

ULTRA Surround:

Let yourself be transported by LG's newest and most advanced solution for simulated multi-channel surround sound from the speakers built into your television.

Clear Voice II:

Clear Voice II automatically detects human voices in movies and TV shows and increases their volume to make ensure that the dialogue doesn't get lost in the soundtrack.

Magic Remote

Simply click, point, scroll or use voice commands to change the channel, search for something new, and more. The LG Magic Remote can also be used to operate your connected devices. Spend less time navigating confusing menus and juggling multiple remotes, and more time enjoying your entertainment.

Enhanced Delivery

For this item, we offer Enhanced Delivery through one of our specialty shippers. Representatives from a specialty shipping service will deliver your item to any room you choose, unpack it, and inspect it for damage. The shipper representatives will also dispose of all packaging material, unless you choose to keep it. If the item is a TV, they will offer to plug the TV into a power source and power it on.
