Alton Figg would like your opinion

Hello. My name is Alton Figg, and I'd like your opinion on my songs. Destructive criticism is always the best. I have a friend named Kenny Kazoo who plays a featured part on one song. He's awesome! The back up band is called The Love Trio. Oh and I have a pet Gorilla but he's not playing anything. He does throw bananas though. My songs I have up are:

Summer Lullaby, Beautiful, Making Love to you, Lucinda and Blue. Here is a sound cloud link. PLEASE and Thank you
