Finding a Wedding Photographer that fits both your budget and your needs is a very difficult task. At Wedding Photography Of Las Vegas AKA QJ's Imaging locally ) we make this task easy! We work hard to bring you some of the most amazing wedding photography that fits pretty much any couples budget! Our goal is to save you as much money as we possible but we make sure that even though we have lower prices you get breathtaking photography. We want you to look back at the pictures of your wedding and be happy with what you have!

QJ's Imaging is a 5 star rated business that originated out of the Boise/Kuna area, so we know those areas extremely well! We really enjoy traveling back to Idaho for weddings. When people think of hiring a photographer that will travel to do your wedding people think that we are super expensive. In MOST occasions we can travel back to Idaho to do a wedding cheaper then most wedding business's.

I also specialize in many different styles of Photography , including :

Portraits  
 Newborn  
 Parties  
 Engagement  
 Boudoir  
 Commercial Business
