

## Feature film in September seeks gripsPA (Midcaost)

Location

Maine

<https://www.genclassifieds.com/x-588151-z>

Low budget feature film shooting in September in the Brunswick/Portland/Harpswell area seeks crew, grip and PAs for a two week shoot.

The film is very low budget, but with some great people and this is a great chance for students or recent grads to work on a project in the industry and get some experience.

The director is a distributed filmmaker whose work can be seen here: <https://www.youtube.com/watch?v=yrO7oGmb-rl>

Seeking 3 grip/PAs willing to work for meals/credit. The film works reasonable hours, no insane overtime and has a relatively small package to work with so it's a great opportunity to get some experience on set without being overwhelmed or relegated to a department that gets no time on set.
