Hello! My family and I are in need of a loan of \$175. If we do not have the payment arrangement we made with the power company paid by tonight, our power will be shut off first thing in the morning. If it were just my husband and I, we would just struggle through it, but we have 2 small children aged 1 and 3. My husband is getting paid on Wednesday and the loan will be paid in full. We can offer collateral as well, as I know this situation can be sketchy often. I genuinely thank anyone who even considers helping us out.
