2004 BMW Z4 in terrific, well maintained condition with records to show. 184 HP Inline 6-cylinder, 6-speed, Automatic/Shiftronic. This is the ultimate driving experience. Most people think an automatic transmission in a car like this is BORING. But with the SMG manual transmission it creates a phenomenal experience. You can put the car in automatic and simply drive without a care in the world. Or you, can shift it manually with the shiftronic stick shift, or you can use the paddle shifters to take on the racing experience. No matter what you choose, this car's unique, M3 inspired SMG transmission uses pneumatics to shift on our behalf, so it FEELS just like a manual transmission. At each new gear, you feel the pneumatic clutch engage and then the tranny shift up. A smooth transition like the best driver would do. When you put it in SPORT mode, it takes an edgier stance and shifts at higher rpms. This car is perfect for the driving enthusiast or the person who is uncomfortable driving a stick shift but wants that feel of shifting. This is no normal automatic. It is tons of fun to drive!

Metalic Midnight Blue with Black Leather in great condition. The premium wheels hug the ground like a tick on a hound dog and the z rated tires are stingy with loosening their grip. The head warping sub woofer defies its size. This is truly a premium sound system with CD and am/fm RPS. Tires are in great condition, I'd say virtually brand new except one tire that has about 50-60% tread left (it just didn't need to be changed).

- CLEAN TITLE IN HAND!
- NO ACCIDENTS!
- Includes one original factory car key
- Includes soft copy of owners manual
