

On site same day refrigerator repiars (150 USD)

Location **Texas**
<https://www.genclassifieds.com/x-589784-z>

All I need to know is The model and some of the symptoms it is having. (not cooling at all / Fridge side isn't as cool / Freezer covered in ice / Water coming out of the front) ~ In most cases I can be there the same day (as long as I'm not booked up / I will come out at ANY TIME THAT IS CONVENIENT FOR YOU(10am-9pm) only extra charges apply if you need help from 9pm-5am) ~ Most if not all problems can be fixed for \$150-\$250 plus tax ~ No trip fee if we fix your unit ~ Fees only apply if you want us to do a full diagnoses of your unit but not fix it. ~ IF WE CAN'T FIX IT WE CHARGE YOU NOTHING (YOU CAN'T LOSE) *** (For a faster response please text me. My hands are usually full so I cannot answer your call or respond to voicemails as quickly as I can a text) So please give text or call me! It can't hurt. Thanks!
