Hello My name is DJ DeeTrain and I've been DJing around the city and surrounding areas for 25 years now and looking to make your event memorable! I'm not a "HOBBYIST" like most of the DJ's on here that charge you little to nothing and then hit you with a big bill when it's over. I'm very professional and like to offer the best service you have ever had. I worked at V100 for 4 years and been in local night clubs so I know how to keep the party going! I specialize in weddings, corporate, kids, anniversaries, family reunions etc! I'm a DJ for all occasions. If you want to hire a DJ that's going to come and be late or maybe not even show up, play music that does not fit your style or bores your crowd then book those other guys! With me you get a full setup with no hidden fees and everything those other guys will charge you for included in my price. So it's time to make the best decission for your event and book a REAL DJ, DJ DeeTrain!
