I'm Kendra, I have 19 years experience with dogs. Please read a little more about me and my reviews if you are looking for a dog sitter. I know it can be an unnerving process entrusting your furbabies to someone! I like to make sure it's a fit all the way around! First-time Rover customers only. About Me I would be a dog hoarder if I could :) however, anymore and my husband might disown me. I have raised and trained dogs for over 15 years, rescued over 40 and currently have 3!! Ashoka is very large malamute mix, VERY submissive and LOVES to play. Additionally, we have two small chihuahua's named Stella and Wolfgang who are extremely lazy and prefer to snuggle all day (who doesn't?). I am a life coach/nutritionist, mainly turned - stay at home mom, with a huge heart, good sense of humor, clear understanding of animal behavior, with a securely fenced yard. I am equipped to deal with certain special needs dogs (medication, separation anxiety etc.) Your dog will be showered with love and treats (if given permission) as well as ocean front walks. Your dog can sleep with us or in their favorite crate as we will cater to meet your dogs needs, as we want someone to do the same for ours! I stay in touch with the owners via text and like to send pictures and updates, so you can rest assured on your travels! Child friendly dogs only please! Raves from My Customers I have 19 reviews on my Rover profile. Check out what these customers had to say: ????? "Kendra and her husband were absolutely wonderful! They have three wonderful dogs that are

super friendly and got along well with my 4 month old pup. They were very understanding and understanding, and they really recommended them to baby-sit my wife's pup. The dog shank was very good for me and Kendra. I love the Rover website. We left the meeting with a good feeling as they were truly looking out for their home. I've been to the best environment of the world. English, Spanish, and more. I'm sure you'll find him or her. I'm sure. Kendra is wonderful . . . she exudes a calm and zen presence in the midst of the canines in her care. Likewise, her husband Sean, displays a very friendly, laid-back energy. Their own three dogs are adorable and exceptionally well-mannered. Her home is very dog-friendly . . . great fenced-in backyard for play and potty time. Indoors, they provide the comfy covered furniture for the dogs to lounge on when not at play. She and her husband even permitted our dog, Gunter, on their bed . . . just like at home! We felt that they truly treated him like one of their own. Our boy has special dietary requirements and a supplement protocol that can be time-consuming to administer properly. Kendra followed our directions to a tee and
