

Promote Amazing Medical Body Sculpting at Gyms amp Other Locations

Location **California**
<https://www.genclassifieds.com/x-590445-z>

We are looking for a health conscientious and fit representative to help promote this incredible service to people who need to get rid of that last few inches of unwanted fat/love handles, thighs, arms, stomach fat etc. Best of all its a non invasive procedure, there is no pain, and it's permanent and proven medically to work.

You will be trained to speak about the basics, represent us at different locations for 1-4 hour shifts, and help pass out our materials to interested people.

This is fun and fascinating work for the right person. You must be outgoing, healthy and easy to talk to. There is no selling required. Your job is simply to collect lead information, speak to people who are interested in learning more, hand out our promotional materials. Our in house medical service team handles everything else. Our medical staff will schedule appointments with the leads you help generate, and you will get paid for everyone who becomes a client.

Honestly, our biggest issue is just educating people about what we do. And people are always interested in learning more, aren't you? Once they meet our professional medical staff and learn more 60-75% eventually choose to work with us.

This is fun and simple work..our goal is to help you make \$40 -\$75+ for each hour you work based on commissions. Flexible schedule.

those to be paid only where between 1-4 hrs per week. There is nothing for you to do, we provide everything you need. But you must qualify based on your professionalism and appropriate demeanor and aesthetic commensurate with health and well being. Please respond with your contact number, weekly time availability or preference, a bit about yourself so we can get a sense of who you are and why we would want you to represent us and a photo.

Thank You
