

# Female Participants needed for a Womens Health Study

Location

Arkansas

<https://www.genclassifieds.com/x-590620-z>

We are recruiting women volunteers who drink alcohol, are sexually active and are ages 18-44 for a health study. The study will test if an online program improves health among women not currently planning a pregnancy. Participants will complete an internet program, phone interview, and fill out online questionnaires at the beginning, middle, and end of the study over 6 months. Compensation is \$150 in online gift cards for completion of the study. IRB#17319, University of Virginia, BHT.

If you are interested in participating, please visit our interest site at <http://carrii.org/?ref=pregnancy> and fill out an interest form.

Please visit our site for more information.
