

## Hard labor help (Garfield)

Location **Arkansas**

If you opened this email, you have already shown me a personality trait. ( anyone to open a hard labor ad has to have initiative! )

I need someone with a strong back and a can do attitude! No whiners allowed!

This is a two day gig. You will be helping me move large items, organize, clean floors and anything that's dirty.

We will have good music and plenty of water and I will feed you.

I'm mostly looking for someone I can trust, and that will help me to completion on a huge project.

I've got a laid back personality, but I am picky and expect your very best! Nothing less.

If all goes well... you will be paid at the completion of the project and can expect \$8.00 hr for your labor and a bonus at the end, that is calculated based on your performance.

If you feel you fit the bill. Feel free to call me or email me about yourself and if your available to start tomorrow.

Cheers,  
Mr.
