

Putting together a team for a startup (NWA)

Location **Arkansas** https://www.genclassifieds.com/x-590673-z

My name is Scott and I am a local creative/graphic designer/video producer/photographer, and I am looking to put together a team to launch a startup that we put together as a team. I have a few projects that I am going to bring to the table. Everyone will have an even split, and everyone is expected to pull their own weight.

Check out my portfolio here: http://be.net/ilikescott

If you are interested we need a developer (ruby, mobile), business saavy guy to be the voice/face of the team, video production, and additional graphic designers. Feel free to text me or email.

I AM NOT LOOKING FOR A STAFFING FIRM TO FILL THESE POSITIONS. Do not contact.
