I am a traditional musician up from southern Missouri seeking other musicians who play Traditional music. Not looking for people wanting to play freebird...or some other type of music. I am partial to pre-bluegrass, pre-1930's or at least it must follow the same stylish constraints.

I am a fiddler of Missouri style (think Cyril Stinnett, Clark Kessenger, and Bob Holt), I play Guitar (think Norman Blake), I play Clawhammer Banjo (think Adam Hurt) although I currently do not have one with me (I traded it in the lower 48 for something I needed bad)...I built the one I had so I plan on building another one when I get settled in Alaska, I also play Mandolin.

Looking for a weekly jam session to play with other traditional musicians and just enjoy.
