

2007 GMC Sierra 4x4 NICE (10000 USD)

Location **Arkansas**
<https://www.genclassifieds.com/x-590882-z>

GMC Sierra Classic body style. So many extras on this truck. Too much to list. Few things are new all terrain tires as of February. New shocks. New clutch. Drives like a brand new truck! Heat and A/C work AMAZINGLY. Aftermarket headlights and tail lights. Flow master super 10 series muffler. There's no way I would be selling this truck if I didn't have to. Recently just graduated high school and playing college baseball four hours away and can't afford to drive a truck back and forth. Well maintained truck. Change oil every 4k miles with synthetic. 4x4 works great. I've climbed mountains in this thing. Will go anywhere. Serious inquiries only. Will take offers but I have put over \$3000 into it so please don't low ball me. Text or call.
