

10 gal. tank for hemit crablizard (west end)

Location **Virginia**
<https://www.genclassifieds.com/x-624404-z>

Hi!

I am selling a 10 gallon glass tank, in great condition, with a screen lid. It housed a hermit crab but it would also be great for a small reptile. It comes with a lot of stuff including a spray bottle, ramp/bowl combo, rock ornament, two fake plant ornaments, 3 small dishes, a litter sifter scoop, a hermit crab home, a plastic coconut home, small pieces of driftwood, assorted hermit crab shells, an almost full container of hermit crab food, and an almost full container of hermit crab salt. It would be perfect for a few hermit crabs or a small lizard.

Asking \$30 or OBO (in reason), Best method of contact is text.

Thanks for looking! Contact me with any questions,
