

Looking for a female kitten or kitty (Amelia)

I'm looking for a kitten or kitty that gets along with dogs. My small dog desperately needs a playmate and I really miss having a cat. We're not picky on color or age, but want a female kitty. Willing to pay a small rejoin fee for the right kitty, but would prefer one that is fixed, but not required. I can provide a vet reference if needed. I'm in no rush, just want to find the right fit for us and the new.
