Looking for a writing partner.

Preferably someone with interests in the subversive or "nerdy". Futurism? Someone inspired by things like The Venture Brothers, Tim And Eric, video games, being raised by chat rooms, neurosis, the "random article" button on Wikipedia, the inherent humor of referencing Netscape Navigator in 2014, post-modernism, Twin Peaks, True Detective, that one bit in Battlestar Galactica where Adama gets fat...

You know, that kind of shit. Or other shit. Barely matters.

What are you?
