You CAN teach an old dog new tricks, but why wait until then? Start now! Deepen the relationship and trust that you and your dog have by offering your best friend private dog training sessions using the positive dog psychology training method.

Puppies, young adult, adult, and senior dogs - Steffanie Arenkiel (that's me!) has trained dogs of all ages and personalities in corporate store and private home settings. No dog is untrainable; Steffanie even has successful experience with semi-aggressive and aggressive dogs.

Patience and consistency are key, and you'll be provided tools to work with your dog in between training sessions.

Currently serving the Mesa, Tempe, south Scottsdale, and select east Phoenix areas. Contact Steffanie to discuss your training needs and set up an appointment.

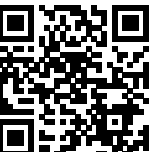

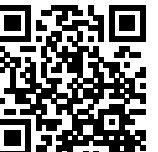

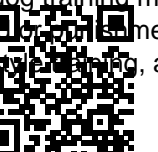

At no extra cost, you can call or text for extra training help or insight between sessions. Steffanie is also a certified veterinary assistant; your pup is in qualified, good hands during every training session.

Steffanie Arenkiel - Personal Dog Trainer

AUGUST 2015 SPECIAL!

\$99 for 4 private home sessions References available.

Please note: The positive psychology dog training method utilizes reinforcement and rewards for desired behavior and does not use dominance-based or punishment-based training methods (commonly known as "alpha" or "Cesar" way). If you desire Cesar style training, a different dog trainer is recommended.
