3 Adorable Kittens need a new forever home. If you are a true Feline lover, then one of these precious babies needs you. The litter is comprised of 3- Female Kittens (Black). The Kittens are eating solid food and are litter box trained. These playful kittens have been raised as indoor only pets and for their protection need to remain indoors. They are all lap kittens and love to have their tummies stroked. If I can't find homes they will end up at a shelter (last resort). There is a re-homing fee of \$20. Please look at yahoo map for location (other maps show 180th str., should be Lemon.).
