Hi there, my name is Ashley and I am a pet sitter. I am available whenever. So if you need someone to watch your pets while you're away, I can watch them for you at a lower cost than others! I have a very spacious fenced backyard, along with a pool if your dog is the swimming type! Your dog will have at least 5 potty breaks a day, along with playtime outside with my dogs. My puppy loves to play, will never stop. My other dogs are more laid back but like to play fetch. My backyard is a little under an acre so there's plenty of space for fetch. If this sounds like an ideal stay for you and your companion check out my profile on rover at <https://www.rover.com/sit>
