I am supplying a spacious two bedroom apartment on a quiet street here in town. The unit includes a seperate living room, diner, and eat-in kitchen. If you like, the Dining area could be converted into an additional Bedroom. The two main bedrooms each have walk-in closets. The kitchen has appliances ready for you to definitely start cooking with. This is a 1st Floor Unit therefore it will give you immediate access to the patio area. If rented through the owner, there won't be any fee. Available for occupancy at the start of this week. I would ideally prefer a 6 or 12 month lease term. I can be flexible about lease terms and pets. If you want to take a look or ask questions - I'm available everyday.
