I have a female & male kitten that I would love to find a home for. They are roughly 3-4 months old now and are already sprayed/neutered. They both have amazing personalities and will love you endlessly. I am asking for a rehoming fee of \$80 to make sure they go to a good home. They will come with a cat condo & carrier & their bowls as well as their breeze litter box supplies & food storage containers! (Have pads+pellets). Thanks in!
