## GenClassifieds.com 1000 Bosch Intern looking for room 0915 (0331 USD)

Location California https://www.genclassifieds.com/x-624708-z

Hey :),

I am doing an internship at Bosch Research and Technology Center in Palo Alto and looking for a room to stay. My internship starts September 15th till March 31st.

I am studying microeletromechanical systems in Freiburg, Germany, in the Master's program. I am used to sharing a flat since I've been doing so for the last 4 years in Freiburg.

I love to do sports inside and outside and I also enjoy watching soccer or football in TV. I've been playing soccer in a club for more than 15 years. Besides I have been in a swimming club since I am 9 and I am a trained lifeguard.

In the evening I like to relax, watch sports or catch a drink with my friends. I love to be at the sea, so I am planning to spend quite some time at the weekends at the beach while trying to figure out how to surf. I didn't try surfing yet but I want to really bad.

I am looking forward to staying with you!
