I am currently looking for a few staff members for my wedding. We had the option to use the staff at the hall but I figured I'd see if there was anyone looking for a quick gig or someone in need of some extra cash before handing them thousands that they normally make. I know times are tough for some right now. The wedding is November 7th in the metro atlanta area. From 4pm-11PM.

At this time I need:

6 food servers. We are having a buffet style dinner so you will be responsible for staying at your assigned station and serving the guests as they come through the line as well as helping plate the appetizers at the table before the guest enter the reception hall.

3 waiters/waitresses and bussers. You will be responsible for refilling drinks at your assigned tables as well as taking away plates, utensils etc when guests are done. You will also assist with helping plate the appetizers before the guest enter.

3 food runners. You will be responsible for setting up the buffet before the reception as well as replacing the pans on the buffet line as servers run out of items.

2 Kitchen staff. You will be responsible for warming up the food. There are 2 ovens in the kitchen so you will simply pop a pan of each item into the oven to warm it up. Once a runner comes and takes a pan you pop another pan of the same item in the empty space.

3 versatile extras. Someone who can do all of the jobs. You are just responsible for covering breaks and just assisting where needed when not on a break. A break schedule will be made ahead of time.

At the end of the night everyone will help assist with cleanup which should take no more than 30 minutes with all the help. Pay is \$30 per hr and of course food and

beverages. Attire for men, black dress pants, white button up shirt. Attire for females, black dress pants or skirt with a white button up shirt as well. No sneakers please. If interested, please only with the assistance (not over the phone) and with the proposition of a face-to-face meeting. If interested, please contact back with the AP and I will meet you with the AP.
