We have a partially furnished room for rent in Vienna near Wolftap. We are a large family, chaotic at times with four kids and a live in nanny. Room downstairs with shared bathroom with our nanny. Would be great for single mom and child or college student. We have a dog and cat. Other dogs are acceptable and the kids would love it. We live about five minutes from the Tysons metro station. We are not looking for any drama. We are easy to get along.

Price includes internet and utilities.

Safe, quiet neighborhood. Backyard with Playset, sand box, and toys.

Please note that the room that is pictured has all of my daughter's belongings in it. We will clear out the room and leave the desk, bed, and furnishings. Don't want to move everything until we have a.
